About

I am a dedicated and motivated worker with years of experience and a passion for creating and entertaining. In 2012 I co-founded Crimson Reel, a production company to make short films, music videos and corporate promos.

I currently work for online clothing retail company SportsShoes.com producing all their video content and a large amount of their photography, most of my images are featured on the site, catalogue and across social media. I've been lucky enough to work alongside Adidas and Reebok filming and photographing events, products and had the pleasure of interviewing GB Athletes.
